

146 Timberline Road Kelowna British Columbia

Upper Mission

\$4,299,000

The best view in Kelowna. 2019-built four bedroom, five bathroom, 5,100+ square foot Modern Hamptons residence perched on a 5.129-acre lot in the Upper Mission area of Kelowna! Upon entering the property, you're greeted with your substantive driveway that carves through the rock, creating a unique estate feel. The grounds include substantial mature landscaping, a custom greenhouse/garden area, a large 30'x60' open-air structure at the top of the property (Wedding venue, workshop conversion, greenhouse, etc), a waterfall & pond feature at your central entry, and several raised planter bed areas; a rare property where even the garden gets a view. Upon entering the home, you are greeted with soaring 20 foot ceilings in the living room that flow straight ahead to the infinity pool that blends into Okanagan Lake ahead. The main floor offers this stunning living room, a kitchen with a pass-through to the outdoor BBQ area, and a dining room with perfect indoor/outdoor transitions. The master on the main offers the same panoramic views, and a five piece private ensuite. The main floor is finished off with a powder room, laundry, and an additional bedroom/office. Upstairs via the floating staircase are two complete master bedrooms with their own en-suites, as well as a private ""perch"" one further level up as a viewpoint. Downstairs, there is a tandem-car garage and a full recreatio...
