100-1553 Harvey Avenue  
Kelowna, BC,  
Canada

Wilderness calls in the Manson Creek area - 2 simple cabins on 5 acres with multiple bunkbeds can sleep up to 12 people. Perfect getaway place to bring your friends and just unplug. Accessible via logging roads about 3 hours North of Fort St James or less if heading West from Mackenzie, the site is also just a few minutes' drive from Wolverine Lake Rec Site. One of the cabins has a lean-to to work on snowmobiles or what have you. Both cabins are wired for a generator and there is also a propane fridge and stove as well as wood heat. (id:6769)
