

1581 Gregory Road West Kelowna British Columbia

Lakeview Heights

$1,650,000

Perched to capture sweeping views of Okanagan Lake from both levels, this custom-built home offers rare flexibility for a large family or a savvy investor. The main level opens into bright, easy living space, while the lower level holds a self-contained three-bedroom suite with its own entrance. Combine the two into one expansive six-bedroom home, or keep them separate and let the suite pay your mortgage. Both levels have their own living room with a gas fireplace, kitchen, primary suite and two extra bedrooms. Step outside and the lifestyle continues on two covered patios. Upstairs, the entertainer's patio comes fitted with a ceiling-mounted heater, so you can host through the shoulder seasons long after the sun dips behind the hills. Downstairs, the patio stays shaded well into the afternoon, providing the perfect spot to cool off beside the in-ground pool on a hot Okanagan day. This home sits above Green Bay in Lakeview Heights, one of West Kelowna's most sought-after neighbourhoods, rising from the western shore of Okanagan Lake just south of the William R. Bennett Bridge. It's the heart of the Westside Wine Trail along with hiking trails and parks. Residents enjoy a quieter, rural feel without giving up convenience - shopping and restaurants are both a short drive away. It's a neighbourhood that draws families, retirees, and empty-nesters alike, all for the same reason:...
