

Looking for a home with space to grow in a neighbourhood that truly feels like home? This 2-storey in desirable Rutherford has the kind of layout that just makes sense - open, bright, and designed for everyday life. Built by Pacesetter Homes, it features a welcoming main floor with a gas fireplace, stainless steel appliances, a kitchen with an island, a corner pantry, and a west-facing dining area that opens up to the back deck. There's also a flex room on the main level - making this space perfect for play, work, or anything else that life throws your way! Upstairs, the primary suite offers room to relax with double doors, a walk-in closet, and a 4-piece ensuite complete with a soaker tub and separate glass shower. Two more bedrooms, another full bath, and a vaulted bonus room mean everyone gets their own space. The basement is yours to finish, and with a short walk to Johnny Bright and Monsignor Fee Otterson schools, the location speaks for itself. A great place to plant roots and make your own! (id:6769)
