Experience bright, modern living in this 3-bedroom, 4-bathroom townhome with nearly 1,900 sq. ft. of space, unobstructed views from the main level & a private rooftop deck overlooking gorgeous sunsets & peekaboo lake views. Built in 2023, this home is part of a boutique community designed for privacy with minimal shared walls & smart architectural design. The main level features oversized windows, wide-plank wood flooring & an open-concept kitchen with stainless steel appliances, gas range, white upper cabinetry, greenery out the windows & direct access to a patio. Upstairs, the primary suite includes a spa-inspired ensuite with in-floor heating, plus two additional bedrooms & full bath. The lower level offers a versatile family room that opens to a pet-friendly, fenced yard with grass & patio stone—ideal for pets, kids, or outdoor relaxing. The upgraded half bath doubles as a utility room with potential for a pet wash or added storage. The rooftop deck is a true highlight—perfect for entertaining or soaking in the views. Additional features include central air, gas furnace, central vac, double garage with hose bib, upgraded lighting, dimmers & three outdoor spaces. Located directly on the Rail Trail with easy biking around Wood Lake, across from tennis courts & walking distance to Beasley Park, Turtle Bay Pub, the Greek House & Lake Country Farmers Market.
