

1291 Bernard Avenue 2 Kelowna British Columbia

Kelowna North

\$349,900

Two parking stalls and pet-friendly bylaws with no size or breed restrictions - features like this are getting harder to find, especially at this price point! This is a great opportunity to get into the Kelowna market in Kelowna North, right between Parkinson Rec Centre and downtown, giving you easy access to everything without being right in the middle of it. The big win here is that the work is already done. The home has been well maintained and thoughtfully updated over the past few years, so you're not walking into a project or unexpected expenses. Inside, everything is on one level with a simple, functional layout. The main living area is bright and open with large windows bringing in plenty of natural light. The kitchen has been fully updated with modern cabinetry, countertops, stainless steel appliances and a clean, contemporary finish, along with a built-in coffee and wine bar. Both bedrooms are well-sized, including a spacious primary and the bathroom has been fully renovated with updated tile, vanity, and fixtures. With over 950 sq.ft., its own entrance, shared laundry (currently used by only 3 units), storage and two parking stalls, this offers real, usable space in a location that makes sense. A strong option for buyers looking to move from renting into ownership or step into something more comfortable without stretching too far. (id:6769)
