Walking into the home you are greeted by a very large and bright kitchen with an abundance of cupboards and counter space. Continuing to the back you enter a large master bedroom with a South facing balcony which offers a stunning view of the lake. You will also be able to spot the docks and boat lift which come with the property. On the main level you also have an additional bedroom and 4-piece bathroom. Upstairs you will find 2 additional bedrooms. Downstairs you will find the walk-out basement which has large windows allowing plenty of natural light. The basement has all new flooring throughout the family room, the massive rec room, and the 3-piece bathroom. Walking out of the basement you will find a hot tub on the back patio. The added bonus with this property is the 30' by 30' detached double-car garage. The garage is fully insulated and heated with in-floor heat.
