Located on a quiet cul-de-sac in a great neighbourhood, this 5-bedroom, 3-bathroom home offers 1,394 sq ft of living space. The entryway features vaulted ceilings that make for a bright, open welcome. Just a few steps up, the main living area is filled with natural light from large windows. The kitchen includes stainless steel appliances, a walk-in pantry, and overlooks the dining and living room, complete with a gas fireplace. The main level has two well-sized bedrooms and a 4-piece bath, while the private primary suite sits a few steps above with its own ensuite and walk-in closet. Downstairs was renovated in 2022 and includes a large rec room, two more bedrooms, another full bath, laundry, and tons of storage. But one of the best features? The south-facing backyard. It's huge, beautifully kept, and has two garden areas ready for your green thumb. With schools, parks, and shopping just minutes away, this home checks all the boxes with everything you need.
