

2096 Abbott Street Kelowna British Columbia

Kelowna South

\$4,490,000

Designed by Reno C Negrin Architects, this architectural masterpiece sits in the coveted Abbott Street corridor—the most prestigious waterfront address this side of the bridge. This is the ideal combination of location, quality, and elegance. Built for those who love to entertain, floor-to-ceiling glass frames panoramic lake and mountain views from nearly every room. The sun-drenched interior is bathed in natural light, flowing seamlessly to 60 feet of sandy beachfront with a private dock and dual boat lifts. Outdoor lounging areas invite family and guests to relax with a refreshing drink, enjoy the lake breeze, and take in the views long after sundown. The main level features an intimate living area anchored by a gas fireplace, opening directly onto the beach. The well-appointed chef's kitchen is its own modern work of art—outfitted with high-end appliances including a gas range. A main floor bedroom with ensuite and private patio offers convenience for guests or multi-generational living. Ascend to the upper level where two additional bedrooms await, each with its own private balcony and ensuite. The show-stopping primary suite is expansive, featuring a sitting area, gas fireplace, and spa-like ensuite with deep soaker tub and separate double shower. A wall of windows frames unobstructed lake views, while sliding glass doors open onto a massive private deck. (id:6769)
