Welcome to Oceola Landing. Spacious Lakeview townhome built in 2020, this well-appointed home offers a thoughtfully designed, spacious floor plan with panoramic lake and mountain views from the east side. Positioned toward the back of the complex, this is one of the few units that fully captures the spectacular outlook. With over 2,400 sq. ft. of living space, the home features three bedrooms upstairs with a potential 4th bedroom downstairs, a bright open-concept main level with contemporary kitchen, living, and dining areas. The kitchen is finished with a neutral palette, stainless steel appliances, and a large quartz island ideal for entertaining and everyday living. Upstairs includes three bedrooms, highlighted by a generous primary suite with walk-in closet and ensuite. The laundry room is conveniently located on the upper floor and separates the primary bedroom from the two additional bedrooms. The lower level offers a large recreation room with direct walk-out access to the fenced backyard, providing flexible space for a playroom, media room, gym, or additional living area. Concrete firewalls between units enhance safety and provide exceptional soundproofing. (id:6769)
