Quaint and Cozy! This bright, one level-ground floor townhome offers 1676 Sq. Ft of spacious living with 3 bedrooms, 3 bathrooms and a detached single garage with driveway parking for one additional car. Your out-of-town guests or residing family member will appreciate the privacy of this unique floor plan which includes an attached wing with a separate entry, a generous sized bedroom/multi use space and one full bathroom. Unwind in the open concept living-dining and kitchen area overlooking French glass doors leading onto a semi-covered, stamped concrete outdoor space with newly planted lavender. Recipe's new or old will be inspired by the stunning rod iron, ceiling mounted gourmet rack, a large walk-in pantry equipped with a secondary fridge and floating pantry shelves. Gas stove cooking, S/S appliances, stone-composite countertops and a kitchen island that seats three creates the perfect backdrop for cooking and hosting. Other interior features include a front wood door with custom stain leaded glass for privacy, a gas fireplace with a wood mantle, custom window coverings, heated ensuite flooring and a "slide and lock" custom closet system. Direct access to visitor parking along a short pebble pathway off of your private back patio space provides additional convenience. This charming Peachland "nest" is perfectly situated within a few short minute drive to the Lake, trendy...
