If this is in your price range RUN! This home will not disappoint! This well cared for beautiful home is a must see. Entering off the deck into the well appointed porch with custom storage there is a place for everything. The kitchen is large with so many cabinets featuring soft close drawers and doors and a great peninsula for added counter space. With a wide open concept and gorgeous hardwood floors throughout you will enjoy the gas fireplace on the main floor and the built in desk/work station just adjacent to the dining area. There is so much to see and enjoy with this home. A large main floor laundry/4pce bathroom is also on the main floor for convenience. The second floor features a great sized primary bedroom with custom walk in closet - you will be wowed! The second bedroom is also a good size and features its own custom closets as well. To finish off the 2nd floor you have another 4 piece bathroom. So many great features in this home you will want to view! The outside is just as great with a double detached heated garage off the deck area with entry from front and back, an expansive yard to enjoy with fenced areas for your kids or furry family members! You also get extra parking behind the garage and driveway. The large shed has power with lights and your timed sprinkler system is set up in the shed for ease of use. There is also a private patio space in the backed ...
