Armstrong/ Spall.

This immaculate, spacious rancher is loaded with features. Formal living & dining are at the front of the house with an eat-in kitchen and adjacent family room at the rear opening onto a deck and beautiful backyard. There's an electric awning over the deck for when the sun is too warm. The kitchen has a new 'smart' refrigerator and wall oven which compliment the gas stovetop. At the south end of the home are the 3 bedrooms, main bath & laundry room which has brand new appliances. The principal bedroom features a walk-in closet & 5 piece ensuite with jetted tub & heated floors. Entering the garage you will find ample parking & storage space as well as the stairwell to the basement. Downstairs is set up as a 2 bed suite with full kitchen, bathroom, & great room. Laundry could easily be added downstairs for the suite or a shared situation could be facilitated. Additionally there is a workshop room & multiple storage rooms the largest of which houses the mechanicals. Here is a shining example of the calibre of owner care. The HVAC, Plumbing & Electrical are on an annual service contract to ensure nothing goes awry. A/C & humidifier were replaced in 2023 & the furnace was just replaced in March 2026. Neat as a pin is an understatement which carries through to the home's exterior. Manicured grass, mature trees, & foundation plantings compliment the brick & cement board exterior ...
