

Unique Concept & unique Opportunity. Own a modular, eco-friendly restaurant serving Pizza, Pasta, & Ice Cream! This turnkey franchise runs on electricity--no oils, gas, or hazardous products. Currently, 2 locations have been negotiated with the City of Kelowna for the year, one at the entrance of Pandosy park and one off the high traffic Enterprise Way. Lease with the City is only \$500 per month. Konz Pizza is selling this Modular unit due to expansion, presenting a rare chance to step into a successful, established franchise. With potential to expand to other BC cities and with multiple financing options, this is a prime opportunity to own a distinctive, sustainable restaurant concept. (id:6769)
