Welcome to Lakeland Mobile Home Park with this custom-designed 2015 residence. A spacious two-bedroom, two-bathroom layout, though the versatile den can easily be transformed into a third bedroom to suit your lifestyle. At the center of the home, an open-concept living, dining, and kitchen area creates an inviting atmosphere for entertaining, featuring ample cabinetry, generous counter space, and a central island for extra prep work and storage. Thoughtfully designed for privacy, the layout places the primary suite--featuring its own full ensuite--on the opposite side of the living space from the guest bedroom and den. Taastefully updated with new vinyl plank flooring thorough the living spaces and primary bedroom. Practicality is prioritized at the rear entrance, where a functional foyer doubles as a mudroom for organized storage of coats and footwear. For parking, a single-car carport provides sheltered coverage, supplemented by a driveway with room for two additional vehicles. A large, maintenance free yard will leave time for relaxation on your private patio tucked behind the carport, providing a shaded sanctuary for warm summer nights. Two dedicated sheds handle all your seasonal storage and tool needs. Situated just a quick drive from uptown shopping and local schools. (id:6769)
