

252 Sundial Road Oliver British Columbia

Oliver Rural

\$2,200,000

Listen to the breeze, the birds, the waves lapping on the shore - not a speed boat or jet ski to be heard. This is a unique opportunity to own a meticulously designed and finished high-end home on one of the quietest lakes in the Okanagan. Over 100 years ago Vaseux Lake was designated a migratory bird sanctuary and, as such, only non-motorized watercraft are permitted. Built in 2013 and located on one of the larger shore-side lots far from the highway, this home packs a lengthy list of well-thought-out features and extras.

Indoor/outdoor living with plenty of windows and sliding doors opening onto decks and a covered outdoor kitchen. A cozy guest cabin sits by the beach. The beach is sandy and has a gradual drop off. A small yoga room is tucked above the garage, reached by a drop-down ladder. Live entirely on the main floor with two bedrooms, two bathrooms and laundry. Two more bedrooms up. Contact your Realtor for the impressive list of features. (id:6769)
