Stunning New Build by Operon Homes - Designed to Impress. Thoughtfully built with exceptional attention to detail, this home showcases premium craftsmanship and a bright, airy layout. Oversized windows bathe the interior in natural light, creating a seamless flow between indoor comfort and outdoor living. The open-concept great room, kitchen, and dining area make entertaining effortless - whether it's cozy family nights or lively gatherings with friends. Step out onto the expansive covered balcony and enjoy outdoor living year-round. The lower level offers versatility with a spacious rec room, additional bedroom and bath, plus a fully self-contained one-bedroom suite - perfect for extended family or rental income. Storage won't be an issue, with generous space throughout. Comfort meets efficiency with a heat pump and high-performance furnace. Built to Step 4 Energy Code standards, this home uses 40% less energy than the average, offering long-term savings and sustainability. Added features include a double garage, room for a pool, and a prime location close to walking trails, schools, transit, and all the amenities you need. (id:6769)
