

2670 REDMOND PIT Road Vanderhoof British Columbia
\$535,000

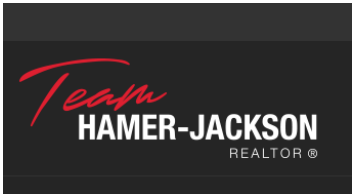

Large family home with a spectacular view on 5 acres, only 5 minutes from town. Some of the major updates that have been done include brand new appliances, new septic system, HE gas furnace and HWT in 2020, and new asphalt shingles in 2015. Other updates include a gorgeous custom tiled double shower in the ensuite, new tile in the entryway, electric blinds in the living room, and a theatre room in the basement is in progress. There is roughed-in plumbing and a separate daylight entry in the basement that offers suite-potential for a nice mortgage-helper. You can take in the stunning view from the east-facing sundeck, and enjoy evening BBQ's on the west-facing sundeck. The yard offers a large lawn, greenhouse, garden area, outdoor wood boiler, double garage, or a hobby farm if desired. (id:6769)
