

## 2674 Lakeview Road West Kelowna British Columbia

Lakeview Heights

**\$1,149,000**

Welcome to 2674 Lakeview Road in the heart of Lakeview Heights—a beautifully renovated home offering breathtaking panoramic views of Okanagan Lake, the city of Kelowna, and surrounding mountains from nearly every window. Located on a quiet no-thru street, this established neighbourhood offers privacy while being just minutes from everyday amenities. The main level features two spacious bedrooms and two bathrooms, including in-floor heating in both upstairs bathrooms for year-round comfort. The bright living area is anchored by a cozy gas fireplace with a beautiful travertine stone surround, while large windows showcase the spectacular lake and city views. Two covered decks provide the perfect places to relax, entertain, and enjoy the scenery. The kitchen is well equipped with a Jenn-Air gas range and excellent functionality for everyday living. The lower level offers a fully self-contained legal one-bedroom plus den suite with in-suite laundry and stunning lake and city views—an excellent mortgage helper or guest accommodation. Sound-deadening insulation and drywall hangers were added during renovations to minimize sound transfer between floors. Additional highlights include a new hot water tank (Jan 2026), new smoke and CO2 alarms throughout, ample parking for up to six vehicles, and zoning that allows the detached double garage to be redeveloped as a carriage house.
