

282 NORTHSIDE Road Vanderhoof British Columbia
\$779,000

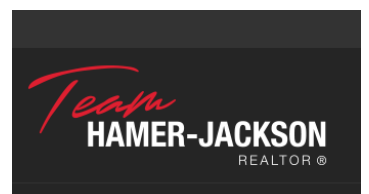

Pan abode western red cedar home on 1.2 acres with a view of the Nechako River located close to the hospital and medical clinic, and walking distance to downtown. This home was built for entertaining with a large entryway and a true open concept from the spacious kitchen through to the expansive living room. The 21X32 closed in carport offers a lovely outdoor living space and breezeway, patio doors, and plenty of room for parking vehicles too. The yard is beautifully landscaped with an 8X32 greenhouse off the carport, raised garden beds, sundeck, garden shed, wood shed, dog run, and a 24X40 shop with a barn area below it. The basement has a separate in-law suite/mortgage helper and there is even an RV site with full hook-ups and it's own separate yard area off to the edge of the property. (id:6769)
