

2885 Phillips Street Armstrong British Columbia

Armstrong/ Spall.

\$699,900

This is simply a super cool rancher with a stellar location and future development potential. This cozy home sits on a double lot (two property I.D. #) with two road frontages and back lane access. The remodelled kitchen is just amazing with knotty alder cabinetry, easy maintenance concrete counters and ceramic tile flooring, not to mention a coffee bar, breakfast bar and stainless appliances including a gas range. The main living area boasts a nice open floor plan with the same knotty alder flooring and a stone gas fireplace to enjoy on those colder winter nights. There is a total of 3 bedrooms, 1 full bath and a second full ensuite bath that is partially finished. The large mudroom area connects the main home to both the garage and a very unique outdoor living area that is truly divine through the warmer months. The garage is extra long with workshop space for hobbies or the car enthusiast. With 2 separate ID numbers and the road frontage plus the backlane access, this property lends itself well to the addition of a carriage home, workshop or other potential development. In the meantime, with over 9100sq.ft. of lot to utilize, you can let your imagination run wild. Plenty of parking is available including room for your RV, boat or what have you. Come check it out!
