

290 Ashton Cooke Road Enderby British Columbia

Ashton Crk/Mabel Lk

\$375,000

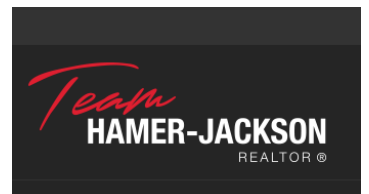

This lovely 6.83 acre lot is waiting for your ideas. There is a pond onsite that at one time had a shallow well running out of it. The site is treed with multiple build sites. Acreage is partially fenced. The De commissioned mobile has no value, and the property is being sold as is where is. All hydro to the acreage has been turned off. There is a shop that potentially could be brought back to usability. All Hydro has been turned off to property. Bring your ideas as this could be a dream property. (id:6769)
