

299 Roy Avenue Penticton British Columbia

Main South

$769,000

Here is the backyard oasis you've been dreaming of! Enjoy a sparkling pool with a new liner added in 2024, in a low-maintenance backyard that's amazingly relaxing and ready to enjoy from day one. Ample patio space means you'll always find sun or shade throughout the day. Centrally located on a non-through street, all Penticton has to offer is just a short drive or walk away. This comfortable split-level home features a total of four bedrooms and two bathrooms, with beautiful hardwood floors throughout the majority of the home. The lower bedroom walks straight out to the backyard, making indoor-outdoor living effortless. The home has seen many updates and has been maintained over the years, including a new furnace and air conditioning in 2024 and irrigation installed in 2022. This home is a must see! (id:6769)
