It's rare to find a fully renovated, detached home in this price range. Step inside the sleek kitchen with two-tone cabinets, quartz countertops, a modern backsplash, a pantry, and brand new S/S appliances. There are plenty of windows, which look onto the fully fenced and private yard and create a lot of natural light, making the space bright and inviting. The patio door leads to a two-tiered deck. The main level is lined with modern wood-grain vinyl-plank floors. Upstairs, you'll find the spacious primary suite with a feature wall, walk-in-closet with built-in MDF shelving and a 4 pc. ensuite. There's a main bath and two more bedrooms on this level. The unspoiled basement has a stacking washer/dryer, high-efficiency furnace and natural gas HWT. Upgrades to this renovated home include new flooring throughout, fresh paint, cabinets, countertops, tile, light fixtures, and plumbing fixtures.
