

Whitehorse Yukon

\$519,900

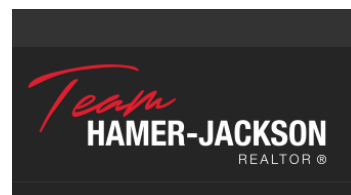

Modern, efficient and easy to make work! This 1,500 sqft townhouse delivers 3 bedrooms, 2.5 bathrooms and a practical layout suited to first-time buyers, roommates or investors. The open-concept main floor features 9' ceilings, vinyl plank flooring and a built-in electric fireplace, giving the living, kitchen and dining areas a clean, comfortable feel. Maple cabinetry, stainless-steel appliances and a large island with seating keep the kitchen functional, while a 2pc bathroom rounds out the level. Upstairs, the spacious primary bedroom includes a full ensuite, accompanied by two additional bedrooms, a secondary full bathroom and dedicated laundry room. Outside, enjoy an elevated balcony positioned for evening sun, a fenced backyard area and two parking spaces out front. Energy-efficient construction helps keep ownership practical, while nearby trails, transit, parks and schools add everyday convenience. A solid entry-level option with flexible shared living or rental income. (id:6769)
