

3225 Shannon Lake Road 30 Westbank British Columbia

Shannon Lake

\$349,900

Front-and-rear access on one lot is the hard thing to find in a park. A 9' gate at the front. A 12' gate at the rear alley. Drive straight through. With 45' of frontage. Back the boat in off the lane. Pull the trailer through without a three-point turn. Park under a carport running 13'8" wide and 29' feet deep, covered end to end, with driveway beside it for everything that follows. Then close the gate and leave all of it behind a fully fenced line. The yard is landscaped front and back and holds through the season -- not a strip of gravel behind a home, but the part of the property people remember on the drive out. A workshop sits at the rear. Room for the RV, the boat, the toys and the projects that come with them, and still room for a covered patio and a table that stays out all summer. Inside is 1,112 square feet that reads larger than the number. Vaulted wood ceilings and skylights over a 12'8" x 14'4" living room. A kitchen with room to cook in. A twenty-nine foot flex room at one end that becomes whatever the year asks of it -- primary suite, second living room, studio, office. Three bedrooms. Central air, forced-air natural gas, municipal water, public sewer, mountain views, all appliances included. Pad rent \$590. Quiet position at the end of the road, all ages, minutes to Shannon Lake, golf, schools and Highway 97. You already know what you would put back there. ...
