

**Whitehorse Yukon**

**\$729,900**

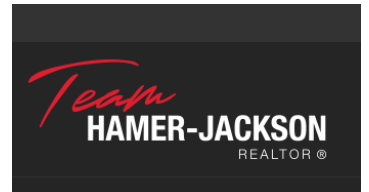

Room to grow, gather and enjoy every adventure. This well-maintained 4 bed, 2.5 bath home offers a rare blend of updates, versatile living space and an outdoor setting you'll enjoy year-round. The fenced yard is a true highlight, featuring a stunning greenhouse and mature landscaping with Yukon favourites including crabapple, mountain ash, mayday and delphiniums. Recent improvements include triple-pane windows, updated flooring, new oil and hot water tanks, added bath ventilation, fresh interior and exterior paint, updated trim (to be completed prior to closing) and a roof replaced in 2020. The walk-out basement is ideal for growing families, multi-generational living, a home business or future suite potential, subject to approvals. Ample parking for vehicles and recreational toys complements the practical layout of this move-in ready property. Comfort, versatility and a beautiful outdoor lifestyle--all in one package.
