If you're looking for a true ski in and ski out Apex experience with room to sleep the family plus guests, than look no further! Located right on the Strayhorse Trail looking into the trees is this 3bedroom, two bathroom townhome. The main floor as your walk in has two bedrooms with a variety of beds to sleep your guests and kids and a guest bathroom. There is a open plan kitchen/living/dining area with timber accents, a feature gas fireplace, large wall of windows, and sliding doors out to the large deck and your winter ready hot tub all perfect for entertaining. The upper floor has a second living room space perfect for kids and with room to sleep some extra guests if you need. The extra large primary bedroom is set up with a full ensuite bathroom and room for the main bed, a set of bunks, and even room to build in another kids bed or more storage under the eaves. This awesome location lets you ski right down into the village or walk the trails but are up in the quiet area near the runs. Its right by the kids favourite sledding hill and a short drive to the cross country trails and endless snow shoe trails that Apex has to offer. With varied and challenging terrain Apex is a favourite mountain for all winter sports and this easy turn key option makes your winter escape even easier. Get in now in time to have the whole season to use it! (id:6769)
