Beautiful mountain views from this bright 1,019 sq ft third-floor home. Sunlight pours through large windows into the living room, where a gas fireplace adds cozy warmth on cooler evenings. Slide open the doors from the dining area and step onto the fully enclosed northwest-facing deck, a peaceful spot to unwind with a coffee or a good book in any season. The galley kitchen keeps everything within reach, with oak cabinetry and a window that looks out to the treetops. Retreat to the primary bedroom, complete with a walk-in closet and private 4-piece ensuite, while a versatile guest room and full bath are ready for visitors or a place to work. A dedicated laundry room inside the home, with overhead cabinets and shelving, makes laundry day easy and keeps supplies tucked neatly away. Underground parking, a storage locker and a friendly cat policy (no dogs) round things out. (id:6769)
