The ideal alternative to living in a gated community. This large rancher is at the end of a no-through street bordering one of Penticton's oxbows. Super private and sunny - a bird-watcher's paradise! Extensively renovated in 2017, the owners spared no expense on upgrades and inclusions (extensive list available). Open-concept living/dining area with high-end gas fireplace and exterior auto-controlled blinds. Large hobby room opens into a workshop and the single-car garage. 2 bedrooms, one with a door to the patio and each with a full ensuite.
