Top floor units at Beaconsfield rarely come to market, and this one has been cherished by the same family for almost 40 years. Now it's your turn to make the memories. Wake up to mountain views, grab your gear and step right onto the slopes with true ski in, ski out access at Apex Mountain Resort. Winter means skiing, snowshoeing, skating, tobogganing, and snowmobiling, and when the snow melts the adventure keeps going with hiking and mountain biking right outside your door. Every season ends the same way: feet up by the wood burning fireplace under soaring vaulted ceilings. The main level offers a bedroom, full bathroom, kitchen, dining area, cozy living room and a deck with beautiful mountain views. Upstairs, the loft sleeps four more and has its own full bathroom, so the whole crew can come along. It's currently set up to comfortably sleep six, and it comes fully furnished and ready to enjoy from day one. Heated garage parking plus open carport parking, a storage locker and a common laundry room make mountain life easy. You're just steps from everything the village has to offer. Opportunities like this don't come around often. Come see why one family called it their mountain home for nearly four decades! (id:6769)
