Your friends are already at the lake. You're still scrolling listings. Stop scrolling. This is the one. Perched in La Casa Resort's most coveted vacation rental location, this stunning 3-bed, 2-bath chalet with open-plan loft delivers lake views, mountain air, and the kind of lifestyle that makes your Instagram followers quietly furious. The massive composite deck is basically an outdoor living room, BBQ, lounge seating, lake views over the pool and amenities. Sunsets here aren't optional, they're scheduled. Inside, soaring ceilings, a stone fireplace, new vinyl plank flooring, new carpet and stone countertops throughout make this feel less like a cottage and more like a flex. The garage? Oh, that's not just a garage. It swallows a 22-foot boat whole with room to spare. Plus extra parking beside the home, because you and all your people are coming. Obviously. Short, level walk to 2 pools, 3 hot tubs, 3 aqua parks, tennis, pickleball, beaches, marina with 100 slips, mini golf, dog beach, fitness centre, grocery store, and a restaurant. It's basically a 5-star resort, that you can own. Use it yourself. Rent it out. Go completely hands-off. Your call. No Speculation Tax. Strong rental market. Zero excuses. La Casa isn't a secret, but this listing won't last like one. Call your favourite agent today for a viewing! (id:6769)
