POOL! one of the few at Sunset Ranch...so the grandkids will love to visit! The adults will love the backyard/pool entertainment area as well--watch TV from the pool, privacy screens, great eco landscaping-- just a great set-up. Auto pool cover is pet-safe and kid-safe. Oh, the home is spectacular as well! This is the Acorn Homes Woods II design, with all the trimmings. Please look at the photos, they tell the story better than words can for this 2 +1 bedroom home.
