

366 NORTHSIDE Road Vanderhoof British Columbia

\$395,000

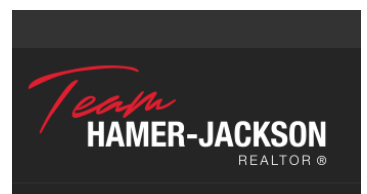

Tastefully updated family home with a lovely view of Sinkut Mountain, and just a few minutes drive from downtown and the golf course! This home could easily be used as an accessible home, with all the living space on the main floor, and a part basement that provides plenty of storage space. Some of the many updates over the years include PEX plumbing in 2025, vinyl siding, soffits, fascia and gutters in 2022, a new patio door, new drywall in family room, and kitchen countertops in 2021. Other updates over the years include the windows, roof shingles, both bathrooms, exterior door, furnace, HWT, appliances, hardwood and tile flooring, paint, trim, lighting, electrical, insulation in attic, pellet stove, and landscaping. All that is left is for a new owner to move in and enjoy this home. (id:6769)
