Welcome to this beautifully maintained house in Sienna, Fort Saskatchewan, initially built by Alquinn Homes, steps from schools, shopping, and scenic walking paths. The open-concept main floor is perfect for entertaining and extends onto a show-stopping two-level composite deck with built-in lighting, privacy panels, tons of space for lounging or hosting, and a hot tub! Inside, you will find the moody kitchen with dark accents, a granite undermount sink, a gas range, new appliances, and a large pantry. The open living area centers around a fireplace framed by large windows. Upstairs offers a bonus room, upper laundry, and spacious bedrooms. The primary suite includes a walk-in closet and spa-like bath with a freestanding tub. The professionally finished basement has tall ceilings, a full bath, and space for a fourth bedroom. The garage is a standout too—finished with sleek epoxy floors and plenty of room for storage. This home is ready to impress, inside and out! (id:6769)
