The 3 bed, 2 bath home offers a move in ready space with newer flooring, paint, appliances and 2 newer gas fireplaces. The fireplaces give you that rural ambiance without the mess of traditional wood inserts. The big windows and cleared trees offer an elevated view from the living area to the Enderby Cliffs and acreages to the horizon. The boiler (approx 2014) provides superior high efficient radiant heating. The downstairs family room, bed and 3 piece bathroom give the potential to a basement suite or a place for your teenager to have their own space. Water is from Silver Star Water District so no wells & pumps to think about! Close to Schools and Amenities in Armstrong. 15 minutes to Vernon and 3...
