Peachland

\$990,000

Location, location!! One of the best streets to call home in Peachland and the perfect home for a family to grow into. A rare find featuring 3 bedrooms up so the littles are close at hand - but another bedroom and den down that could easily be converted to a bedroom as your kids grow into their teens. The basement also has a large rec/family room so there is separation when their friends are around and also walks out to the back yard and a covered patio area. Lovingly cared for and meticulously kept, sure not to disappoint. Completely renovated in 2021 with new paint, lighting fixtures and flooring. The upstairs main living area has been redesigned to an open concept with a beautiful island kitchen with quartz counters and shaker cabinetry all overlooking the large back yard and opening on to a lovely covered deck to enjoy those beautiful Okanagan evenings. Plenty of windows throughout allow all the natural light to flow in. The yard is fully fenced & has two storage sheds for all your gardening tools. The second deck area down below has a new gazebo with pull down shades should you want to get out of the sun. A perfect spot for outdoor entertaining. All the big ticket items have been addressed - furnace 2020, hot water tank 2023, soffets and gutters replaced, windows replaced with the exception of the patio doors, A/C has been serviced and re-charged in 2024.
