South East Kelowna

\$1,100,000

Why you'll choose this home. Not simply because it offers 2,135 sq. ft. of gracious, single-level living. Or because both bathrooms have been beautifully remodelled. Or even because of its address. You'll choose it because the morning starts quietly here. Because the generous primary suite has a beautiful garden outlook, a bay window framing Layer Cake Mountain, a walk-in closet and a beautifully remodelled five-piece ensuite. Because there's room for work, creativity, or simply a space of your own, with a generous den plus a separate, small but functional office. Because the vaulted ceilings, lovely flooring and gracious living spaces give the home a sense of openness without sacrificing warmth. Because the kitchen offers a huge walk-in pantry, and everyday living flows easily from one room to another. Because you can walk outside to a covered patio, surrounded by manicured gardens, a pond and a wonderfully private yard. Because everything you need is on one level, with 2 bedrooms, 2 remodelled bathrooms and a double garage. And because at Gallaghers, home extends well beyond your front door: golf, tennis, recreation, amenities and community, with walking trails and Mission Creek practically at your doorstep. Pet-friendly too, welcoming up to two dogs, two cats, or one of each. Perhaps that's when you stop looking at it as a property. And start imagining it as home. (id:6769)
