Welcome to Country Lakeshore Estates -- a rare double-wide manufactured home that's turned the other way compared to most in the park, facing the mountains instead of your neighbour's window. Step outside (or just peek through the windows) and take in wide, unobstructed hillside views -- entirely yours to enjoy. Inside, the bright open-plan living space makes every morning feel like a spotlight on the mountains. The kitchen? Tons of cupboards -- finally, room for all your kitchen gadgets and maybe even that collection of "just-in-case" coffee mugs. The primary bedroom boasts hillside views, a walk-in closet, and a private door straight onto the deck -- coffee in hand, shoes optional. The second bedroom has a generous double closet, and the spacious den is all yours to make an office, craft cave, or guest room. Laundry and storage are conveniently off the entry -- because functional spaces can be smart and satisfying. Outdoors, the large deck is your launchpad for morning coffee, sunset BBQs, or simply staring at the mountains like it's a full-time hobby. And Okanagan Lake? Just a very short walk -- or an even shorter jog -- away. Quick dips, long swims, or spontaneous paddleboarding are all on the menu. Parking? Tons. Extra space between homes? Check. Room for trucks, toys, and visiting friends? Absolutely. Mountain views, space to breathe, lake access within a minute's not...
