Lower Mission

\$1,095,000

Steps from Bluebird Beach and tucked into one of Lower Mission's quietest cul-de-sacs, this is the kind of address people wait years to buy into. Solid, well-maintained, and impeccably clean, the home offers standout curb appeal and a layout built for family living. A soaring foyer welcomes you in, where an open staircase sweeps up to a full view of the second floor. Below, the kitchen, dining, and family rooms flow together, bright and connected, opening directly onto a large covered deck. Beyond it, a meticulously kept private yard delivers more room than you'd expect. The double car garage connects through a walk-through laundry and mud room, with its own exterior entrance for easy access. A bedroom tucked away on the main floor offers a flexible option for an office or guests. Upstairs, four bedrooms include a separate primary suite with a 4-piece ensuite and walk-in closet, set apart from the rest for added privacy. One bedroom, at 250 sq ft, is generous enough to double as a rec space or teen retreat, offering real versatility for a growing household. Easy reach of Pandosy Village's shops and restaurants, the Mission Creek walkways, the H2O Centre, and nearby schools and parks. (id:6769)
