Single level living with room to breathe in this contemporary rancher. This 3-bedroom, approx 1600 SqFt bungalow delivers upscale finishes from the curb in. The layout sets the primary suite, with its in-floor heated ensuite, well away from the spare bedrooms, while the open concept kitchen, living and dining space anchors the home with quartz counters, soft close cabinets and a woodstove that makes Yukon winters easy. Step out to a fully fenced back yard that catches sun all day long: private on the sides and rear, tastefully landscaped, with a concrete patio, new shed plus an established garden area. Attached single garage and energy efficient throughout. Walk to the Whistle Bend school and continuing care facility, with the new commercial district going in a block over.
