Updated with a VIEW! This thoughtfully upgraded 5-bd, 4-bath home, formerly a 4-bd, 3-bath, now includes a versatile den and increased living space, perfect for a growing family or those needing extra room. The house features 100% LED lighting, a RHEEM ultra-efficient furnace (2022), and a 50-gallon hot water tank (2020). The efficient HVAC system also includes a 3.5-ton A/C unit with a smart Wi-Fi thermostat. Enhanced attic insulation and a complete window and door refit ensure top-tier energy efficiency, featuring full-frame replacements with new insulation and sheathing. The bathrooms have been updated with low-flush toilets and low-flow fixtures, including a new fourth bathroom. Both kitchens were modernized with new counters, sinks, and fixtures. High-end vinyl plank flooring and full interior painting completed to add modern charm. An upgraded 200A service with a 60A sub-panel for the suite and a 30A EV-ready connection highlight convenience. The suite offers a spacious 1-bedroom plus den, modern kitchen, laundry, private entry, and parking. The professionally landscaped yard includes drought-tolerant plants, fruit trees, a grassy play area, privacy fencing, an extended deck to take advantage of the fabulous view. A removable 24x12 solar-heated pool with equipment is included. (id:6769)
