

Whitehorse Yukon

\$789,900

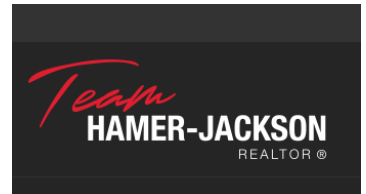

Situated on an impressive 9,100+ sq. ft. lot, this well-designed family home offers comfort, functionality, and versatility, complete with a legal 2-bedroom suite that is ideal for extended family or as a mortgage helper. Built for both everyday living and entertaining, the home features an open-concept kitchen, dining, and living area, a spacious covered front patio, and a large rear deck overlooking the fully fenced and landscaped backyard. The property also offers exceptional parking with ample space for boats, trailers, RVs, and multiple vehicles. Additional highlights include an economical propane hot water heating system installed in 2024, radiant and in-floor heating throughout, including the heated garage, two air exchangers, and 10 included appliances. Shingles and gutters were replaced in 2025, providing added peace of mind. This is a rare opportunity to own a thoughtfully built home that combines efficiency, space, and flexibility for the whole family. (id:6769)
