Unique 6 acre parcel of treed land situated well below Highway 3A as you enter the rural community of Wynndel on the way to Kootenay Lake. This property offers incredible views of the Creston Valley flats and mountains beyond. Currently this property is land locked between privately owned land and the railway tracks below. Although there is a designated access off of Highway 3A, it may prove to be a challenge to build a roadway as a small creek runs in the access lane. Perhaps this is your 'off grid' retreat or maybe it is an investment in land in the Creston Valley while you take the time to explore options on obtaining road access.
