**\$675,000**

Welcome to this gorgeous newly built home nestled amongst Okanagan pines and nature's beauty. This home is only a 15 minute drive to Penticton and 5 minutes to OK Falls. Recently constructed in 2020, this 1736 sq.ft. home is situated on a secluded half-acre parcel in Golden Hills, one of Canada's most unique bare land strata, boasting approximately 160 acres of shared land to explore and enjoy. The home is a captivating blend of natural charm and modern sophistication, featuring a designer kitchen with solid surface countertops, a spa like bathroom with a steam shower, smart appliances, high end windows, and a fresh air exchange system for optimal comfort. The thoughtfully designed layout seamlessly integrates the natural surroundings, with a 20 ft tinted folding glass wall that opens out from the kitchen and dining to a spacious 28x12 deck with panoramic forest and mountain views for the ultimate outdoor living experience. The lower level of the house is primed for an entertainment/living room and a den for guests. This home comes with an amazing water filtration system for the absolute best quality drinking and bathing water. The installed system is an approximate cost of \$75,000. Covered parking and ample surrounding land complete this truly one of a kind property. (id:6769)
