# 4641 Princeton Ave

**4641 Princeton Avenue Peachland British Columbia**

Peachland

**\$4,090,000**

Prime Development Opportunity - Panoramic Okanagan Lake Views This 2.65-acre medium-density zoned property offers an exceptional opportunity for development in Peachland. Situated just above Okanagan Lake along Princeton Avenue, an active transportation corridor, the site is perfectly positioned for a high-quality multi-family project. Zoned RM4, the property has the potential for 46 townhomes and comes with a shovel-ready Development Permit package. The package includes a professionally engineered grading plan designed to minimize soil fill and retaining walls, along with completed geotechnical, hydrogeological, and traffic studies. A full architectural plan has been developed, featuring four terraced building areas to ensure every home enjoys breathtaking lake views. Significant financial contributions have already been made, including \$90K in Community Amenity Contributions and \$94K toward transportation and transit improvements, both paid to the District. Additionally, the project is eligible for approximately \$130K in road improvement DCC credits, subject to District Engineering confirmation. With seller financing available and flexible closing terms, this is a rare opportunity to secure a turnkey, development-ready site in one of the Okanagan's most sought-after locations. Serious inquiries only - full documentation and professional reports available upon request. (id:...
