

4649 Raymer Road Kelowna British Columbia

Lower Mission

\$1,199,000

Located on a quiet street in the highly sought-after Lower Mission, this 5-bed + den, 4-bath home is a short walk to parks and schools, with over 2,800 sqft of living space finished in a modern, neutral colour palette throughout. The main floor is built for daily life and entertaining alike: engineered hardwood runs through the open-concept layout, and the kitchen is outfitted with a large island, quartz countertops, stainless steel appliances, tile backsplash, a built-in pantry, and bar seating for casual meals. Vaulted ceilings and oversized windows fill the living room with natural light, and a gas fireplace anchors the space. A mudroom with custom built-ins, main floor laundry, and a powder room round out this level. Upstairs holds three bedrooms and two full bathrooms, including a primary suite with a walk-in closet and a 5-piece ensuite -- dual vanities, a freestanding soaker tub, and a glass-and-tile shower. The lower level adds a family room, two more bedrooms, a den, and a 3-piece bathroom -- good flex space for guests, teens, or a home office. Outside, the south-facing covered deck overlooks greenspace and includes a private hot tub. The home also comes with a double garage with new EV Charger, extra parking, built-in storage throughout, and maintenance strata living. (id:6769)
