

4702 McCulloch Road Kelowna British Columbia

South East Kelowna

\$3,299,000

This flat, 6.92 acre estate has all of the space and privacy you could ask for, with incredible pool deck and landscaping, plus a ~2,500 square foot shop. This spacious craftsman-style home boasts approximately 4,500 square feet of living space, with six bedrooms and five bathrooms, including the spacious in-law suite. The great room features soaring ceilings anchored by a beautiful gas fireplace, leading into the bright and welcoming kitchen with quartz counters, premium stainless appliances, tile backsplash, and walk-in pantry. The dining room opens onto the covered patio, which leads to the sensational pool deck. The main-floor primary wing features walk-in closet, his and her vanities, custom tile shower, soaker tub, and additional European-style closets. Upstairs are four generous bedrooms plus two full bathrooms. Downstairs is an expansive one bedroom in-law suite, complete with laundry, storage, and separate entrance to a private outdoor living space. The outdoor living is where this home truly shines. Extensive custom concrete work, gorgeous stone retaining walls, and premium artificial turf frame the glimmering pool, complete with accent lighting and water fountains, plus an auto-cover for easy maintenance. This is paired with a matching built-in hot tub. Further amenities include a putting green, pitching area, a turf volleyball court, and pool cabana/storage r...
