

4836/4840 Barten Place Okanagan Falls British Columbia

Okanagan Falls

\$950,000

This unique property is listed well below accessed value and offers unobstructed views and privacy. Situated at the end of a cul-de-sac, this beautiful parcel is nearly ¾ of an acre with two homes. The main house sits atop the hill and features over 2900 square feet with 4 bedrooms, 3 bathrooms, loads of natural light, gas fireplace, cold storage room, a double garage, a north-east facing large covered deck and a second west facing deck. The second house is a one level rancher that offers 873 square feet 2 bedrooms and 2 bathrooms. The exterior features include a fenced yard with an entrance gate that can be secured, fruit trees, tons of parking including an RV pad, beautiful flower beds and a large vegetable plot, all fully irrigated. In addition to each house being connected to its own water, sewer and electrical services, there is an additional irrigation service just for the grounds. This property would work well for multigenerational family living, a long-term rental or vacation rentals. There is simply too much to list about this unique property. Check out the online virtual tour and call to book your private viewing of this property today. (id:6769)
