

1150 Mission Ridge Road 5 Kelowna British Columbia

Crawford Estates

$1,699,900

Lock and leave living in the gated community of Crawford Point, where tidy streets and a quietly polished feel come with the address. This contemporary home offers 4,546 sq. ft. with everyday living on the main level, including a king-sized primary suite that opens to a secluded 42-foot patio and a five-piece ensuite with heated floors. Nearly 13-foot ceilings give the living room an easy sense of volume, where evenings settle in by the fireplace with the greenery just beyond the glass. The kitchen is made for hosting, with a big island for friends to gather around, a generous pantry that keeps the clutter out of sight and a cork-clad wine wall that turns an ordinary bottle into an occasion. Slide open the doors to the landscaped patio and dinner moves outdoors, with room to linger long after the dishes are done. Attached to the garage, a casita with its own porch entrance and full bathroom makes a quiet home office or a great gym. Upstairs, a raised, light-filled entertaining space with a wet bar, room for games and visiting, and access to a large balcony sits beside two bedrooms with walk-in closets and a full bathroom. The lower level has two more bedrooms, a full bathroom and a cozy family room made for movie nights, with space for the whole family to gather when they visit. Hiking is close by, and the family-friendly Crawford neighbourhood is right outside the gates. (i...
